

**ÉVA  
RÁCZKEVY**

joined ZAK as a CRA in March 2001. During the last 18 years she has managed several trials - including Phase 1 studies - for various sponsor companies.

Since 2003 she is the head of the Hungarian representation as co-managing director. Éva is responsible for educating new colleagues, keeping contact with the regulatory authority as well as organizing and checking the daily work of the Hungarian team.

She has received her medical doctor's degree from the Medical University of Debrecen. Éva has worked as pediatrician and neonatologist at the County Hospital of Miskolc and she has experience in the field of radiology as well.
